

Meet Our Dogs of The Earl ~ Issue 2

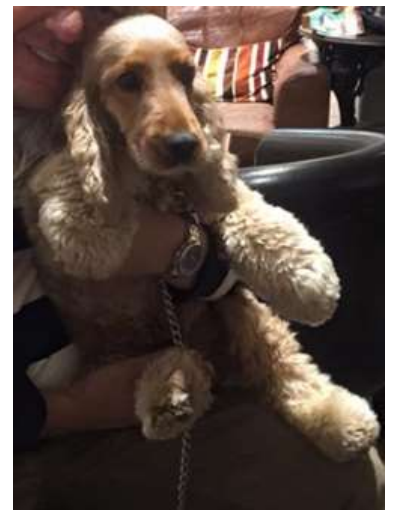

Meet **Alfie** - a lovely long haired Daschund who is aged 11. Our newcomer to The Earl, who was loving the sunshine in the garden!!

This is **Woody** - who is in his senior years, but still looking extremely handsome - just patiently sitting at the bar waiting to receive his well deserved treat.

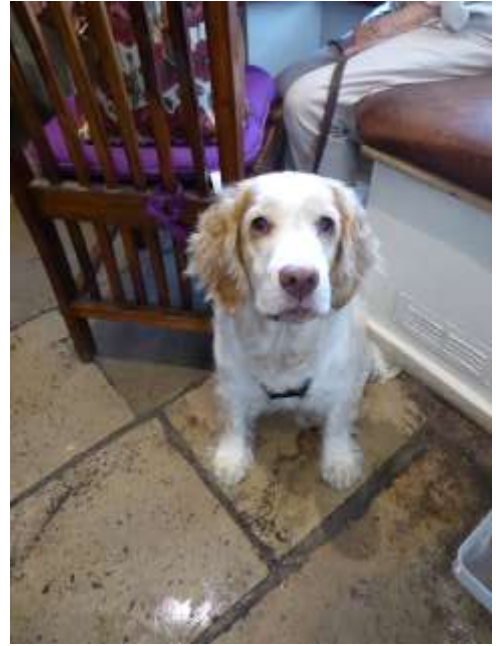

Brie - (now 9 months old) just can't keep away – he just runs straight to the bar and stares at the doggie treat jar until someone get's one for him – he will even do the most adorable high-5 for a treat – Brie definitely knows how to work us humans!

Beautiful **Bonnie** was visiting, and was certainly the centre of attention that day!

This is **Crumpet** - who has been coming to The Earl for over 2 years and loved the window seat for that extra special attention from the bar staff.

Meet **Ruairi** - our huge Irish Red King Leonberger who is now aged 10! He loved having his photo taken from the garden with the glorious back drop of the South Downs.

Meet **Noodle** - an 8 month old Golden Retriever Poodle who will stand to attention for any treats that happen to be going his way!

Mungo and **Dimple** - always regulars at The Earl! Sadly, we miss Dimple but Mungo is now coming up to celebrate to his 15th Birthday!

This is **Rassy** (pronounced Racey)- our one year old visitor. Just check out her beautiful eyes!

Meet **Derek** and **Dave** - who turned up nice and early for their bacon and sausage sandwiches, before they set off for a day at the Goodwood Revival - they even brought their humans along to show them how to start the day properly.
